

MOBILE PET GROOMING

Our mobile services have gotten a lot of interest from pet owners. I'll tell you how it works, it's quite simple actually. We've recently switched from in-shop to curb-side. In-shop means getting everything in order and heading to a grooming shop. This includes traffic, wait-time, and drop-off/pick-up. There is, of course, no problem with that and some owners prefer that option. However, we have decided to make it easier. We come to your door and complete our services in a timely manner. All amenities and care are performed in our grooming trailer.

As a groomer, I prefer this option because I love the drives in between. I typically get set up fast and easy. I can even come up to the door and bring them out to the trailer for you. I've noticed the instant happiness as pets head back to their house. This makes me smile, as it's also accompanied with some fun belly rubs and kisses. My favorite part is to see how much my clients enjoy the convenience. I've been told that it is much more enjoyable waiting in the comfort of their homes.

The best part is you get to decide what is best for you and your pet.
